Report of the Directors.

THE year 1919 has been one of slow but steady progress. Since the last Report was issued two new patients have been received into the Home. One of these, an old soldier who had served in many parts of the world, came to us from Ireland, where he had suffered the ordeal of solitary confinement in a Workhouse Infirmary for nearly two years. He was in wretched health on arrival, and died a little more than two months later. It is gratifying to think that, after all he had been through, the last weeks of his life were passed in comparative ease, and that our Nurses were able to do much to make him comfortable and happy during that short time. Another of our patients, who had only been in the Home just over a year, died suddenly in September after great mental suffering.

Early in the year an Appeal, giving a short account of the Company since its formation in January, 1914, and of the work carried on at St. Giles's Homes, was issued to the public, and, after paying all expenses, brought in a sum of about £1,000. £115 17s. of this total was subscribed towards an Endowment Fund, and has been invested in 5 per cent. War Loan. The Directors beg to thank all their friends and supporters for their liberal response to this Appeal, and especially Her Most Gracious Majesty the Queen for a gift of £75. Amongst many handsome donations was one of £250 from the Co-operative Wholesale Society of Manchester. Our cordial thanks are also tendered to the Trustees of the Strathcona Bequest for a grant of £390, to the Trustees of the Sherburn Hospitals, Durham, for one of £219 9s. (£100 of which is allocated to the provision of medical attendance and research), and to the Trustees of Ripon Hospital for one of £25.

In response to a request for a couple of cows in our recent Appeal Mrs. Arehn very kindly presented us with one, and since then Miss Land has given money for the purchase of two more, and an additional sum for milking utensils, so that we have now three good cows, and the Homes are supplied with milk and butter far more economically than they could be obtained in the market. Some cowsheds have been fitted up, and a long stretch of new wire fencing has been erected without any help from outside. A pair of good oak entrance gates, long needed, is another of the minor improvements carried out during the year.

The dismantling of an aerodrome in the near neighbourhood afforded a good opportunity for the purchase of some Service Huts. One has been fitted up as a dwelling for our youngest patient, largely by the work of his own hands, and in this he now lives happily, surrounded by his fowls and other live-stock. A smaller hut is in use as a store room, and a third was bought with the intention of adapting it as a motor shed; but the car which we were then hoping for, and which is so badly needed, has not, alas, been forthcoming. It was at one time also our intention to adapt a 40 feet by 15 feet hut as a dining-room for the patients, with a small kitchen or scullery attached, combined with a surgery for the Nurses. The cost, however, of its conversion to our purpose, and of putting in a range, sinks and other necessary fittings, together with the connection to water supply and drainage, was found to be prohibitive, and the scheme has been dropped for the time. The Directors wish to record their gratitude to Mr. Paul Waterhouse for his kindness and patience in drawing plans for the adaptation of this hut, which it has unfortunately not been possible to carry out.

We are glad to announce that arrangements have at last been made with the Post Office for the installation of a telephone

at a moderate rental, for the Homes have suffered great inconvenience on several occasions of urgency in the past owing to their distance from a telegraph or telephone office.

Our late gardener died of pneumonia in March. He served us well and faithfully all through the most difficult times in the history of the Homes, when local feeling was strongly against us, and we have lost in him a real friend.

The invaluable help of Father George and the Brothers of the S.D.C., both in tending to the wants of the patients and in the general work and management of the property, and the devoted services of Sister Clare and her Nurses, are most gratefully acknowledged.

Owing to the generosity of our subscribers we have been able to pay off the advance of £600 from Lloyds Bank, but, as will be seen from the Balance Sheet, our funds are again getting low, and a further appeal to enable us to meet the normal expenses of the Home is inevitable. Furthermore, the experience of the past year has shown more clearly than ever that, for the conduct of the Home to the patients' best advantage, a resident Medical Officer is a necessity, and the Directors are making every effort to raise an Endowment Fund for this purpose. We take the opportunity of renewing our plea for consideration when our friends are contemplating gifts by Wills to Charities.

In accordance with the Articles of Association, Sir Arthur Downes and Dr. John Turner retire from the Directorate, but, being eligible, offer themselves for re-election.
